

QUICK START PROGRAM

**INTERESTED IN GETTING INTO THE
ELECTRICAL TRADE?**

- TRAVEL WITH **PER DIEM**
- JOB **STABILITY**
- MULTIPLE **CAREER OPPORTUNITIES**

**NEXT ANNUAL PROGRAM BEGINS
SUMMER 2025**

The annual Amteck Quick Start program offers paid training for 4 weeks with immediate hiring opportunities upon completion. The program covers the fundamentals of basic electricity, other construction applications, and essential job safety fundamentals. Upon finishing the program, participants will be hired as full-time employees at \$15/hour and transition into roles such as electricians, low voltage/fire alarm technicians, or other positions at Amteck. Additionally, all participants will receive a set of tools to help start their career in the electrical trade.

After starting full-time, participants are eligible to enroll in our apprenticeship program, with pay raises every six months upon completing each semester. Many graduates advance to roles like estimator, procurement associate, foreman, or superintendent.
